(United Nations Headquarters, New York – 26 of October, 2007), IIMSAM has appointed Mrs. **E. Nana-Fosu Randall** as our Special Adviser Facilitator to **Ghana, Tanzania, Uganda, and Liberia**. Mrs. Randall is a former UN Senior Staff Member with extensive field experience acquired while working for the United Nations over a period of 30 years. Mrs. Fosu-Randall will be advising and monitoring eventual pilot-projects at the field level for IIMSAM Spirulina Programme to combat malnutrition in Ghana, Tanzania, Uganda and Liberia. Mrs. Randall has been very active building sustainable development projects for the last two years since her retirement from UN through her own NGO (*Voices of African Mothers*) **VAM**. She has also built an extensive network of other NGOs at the grassroots level in the countries which she was appointed to. IIMSAM will be working with these NGOs to bring about the implementation of the Spirulina Programme as a key-driver in combating severe malnutrition in these countries.

Nana will also be our *focal point* to the national, local government officials in Ghana, Tanzania, Uganda, and Liberia to facilitate the cooperation of these governments with IIMSAM.
